GRAND RAPIDS, MICH., THURSDAY MORNING, FEBRUARY 19, 1885.

PRICE 2 CENTS

A THRILLING STORY.

THE MICHIGAN OFF SAUGATUCK.

Part of the Crew Walk Many Miles to Reach Land—The Clerk's Leg Frozen—Thirteen Still Aboard.

Special Dispatch to THE TELEGRAM.

GRAND HAVEN, Mich., Feb. 18.—The steamer Michigan, of the Grand Haven and Milwaukee line, left this port in search of the distressed steamer Onondaga on Monday morning, the 5th inst., with Captain Prindle and twenty-nine men on board. When off Luddington she encountered a gale and was hemmed in by heavy ice, and drifted with the ice to the southward, experiencing many dangers, but at no time being within twenty miles of land. Finally she got in compact ice many feet thick toward the head of the lake, but on account of drifting and turning they could not tell their exact whereabouts. Sunday last it was discovered that owing to short provisions half of the crew would have to go ashore, as the food would not last a week longer. Monday was very stormy; Tuesday morning, from the cross-trees, a rim of land was sighted to the eastward. Thirteen men were chosen to remain, and seventeen of the most hardy to make the land.

The mercury was 10° below zero. At 7 o'clock Joseph Russell, first mate, David Martin, steward, W. H. Kenny, clerk, and fourteen of the crew, started with a day's rations, axes, pike poles, blankets, etc., expecting they might have to be out over night, as the land seemed thirty miles off. When about twenty miles off the boat clerk, Kenney, went through the ice, wetting his right leg to the knee. They went on about six miles, when it was found that Kenny's leg was frozen. All were badly exhausted, as the ice was very rough and blocked into nearly impassible ridges many feet high and miles wide. Each man went for himself, knowing that his life depended on his own exertions, except Russell and Martin, who helped Kenny. When off the land four miles Kenny could not stand, and dragged himself along on his hands and knees for two miles, when he was completely exhausted and frozen that he could not move, and urged the others to leave him and save themselves. Some had by this time—5 o'clock—reached the shore and found a few houses at West Cusco. They alarmed the neighborhood, and farmers went out and carried the brave but insensible Kenny to the beach. The land there rises 100 feet, almost perpendicularly. All hands worked like heroes, to throw off the insensibility which was creeping on them, and climbed the steep bank. Heavy lines were placed on Kenny, and he was drawn up by those above and carried to a dwelling. The men were apportioned around among farmers, who willingly cared for them. Kenny recovered at 10 o'clock, and everything possible was done for him. This morning all were taken to Bravo, came on the Chicago & West Michigan Railroad, arriving here at 5:30 this afternoon. All are able to take care of themselves except Clerk Kenny. Surgeons dressed his leg, and he is now doing well and will soon be all right. He goes home to Milwaukee tomorrow. He reports that the Michigan is now in no danger, since so many of the crew left that the provisions will last them thirty days. The crew now here will remain until the Michigan gets into this harbor. The steamer Michigan is four miles off Clam Lake, in solid ice. Part of the crew is on shore here.

Multiplying by One Thousand.

CHICAGO, Feb. 18.—Last week C. S. Weed, cashier for Milburn, Bodman & Co., commission merchants, raised a check of that firm on the Chicago branch of the Bank of Montreal, for \$25 to \$25,000, cashed it and disappeared. He had previously notified the bank that the firm intended to draw \$25,000 on that day, hence the check was cashed. Telegrams were sent in all directions to-day. Weed was apprehended in Toronto, Canada. He placed the money in the hands of the solicitor, and it will be returned to the firm, who lose nothing.

The Ohio Liquor Law Muddle.

COLUMBUS, O., Feb. 18.—The proposition to amend the constitution so as to create a license on the sale of liquor in this State was lost in the House to-day, owing to the absence of seven Democratic members. The bill, however, was not a special order for the day and will be reconsidered next Wednesday. As it is at present liquor dealers pay no tax and will not until the bill is passed.

The Foreign Labor Bill Passed.

WASHINGTON, Feb. 18.—The Senate passed the Contract Foreign Labor bill this afternoon by a vote of five to nine. The bill provides that it shall be unlawful to prepay the passage or assist the immigration of any foreigners into the United States under labor contracts previously entered into, and every violation thereof shall subject the offender to a fine of \$1,000.

A Fatal Fire.

CINCINNATI, Feb. 18.—Fire this evening burned a two-story frame dwelling occupied by Arelia Brier, at 11 North street. Brier, his wife and six children were in bed at the time. All escaped except Annie, aged 12, who was suffocated. The mother jumped from the second story window with the babe in her arms. Both escaped with slight injuries.

Four Convicts Shot.

CARON CITY, Cal., Feb. 18.—Four convicts made a rush for freedom to-day while working at the stone quarry. The guards promptly brought their rifles to bear upon them and three of them threw up their hands and surrendered. The fourth endeavored to run and was shot down.

Injured in a Coal Mine Slope.

COMA, Cal., Feb. 18.—Scott Farley, a helper at a coal mine, while riding from the shaft to the fourth level, was fatally injured by the wire breaking loose and catching him. The cable was valued at \$1,700.

TWENTY-TWO AND SEVENTY-FIVE.

A Young Clerk Married to an Aged Widow and a Fortune.

BIRMINGHAM, Ct., Feb. 18.—To-day every one has been on the qui vive in consequence of a strange marriage between Harry Baldwin, a young clerk of 22, who is employed in the general store of Frank D. Jackson, at a salary of about \$500 a year, to Mrs. Charlotte Canfield, a frisky old widow, who has already passed her seventy-fifth summer, and who is possessed of a snug little fortune of about \$20,000. The wedding occurred to-night, Rev. Dr. Roberts, of Christ church, uniting the couple. The young bridegroom was dressed in dark clothes, with a short sack coat, as he sat in the parlor of his prospective bride this afternoon. She was dressed in a black silk dress, and appeared to be a withered old lady of about ninety pounds avoirdupois. He alleges he married the old lady for her love. As soon as it was known that the knot had been tied all the drum corps and bands in the town turned out playing joyous tunes, such as "Come hither to the wedding," etc. The streets were illuminated brilliantly and shouts of joy went up from the throats of men and boys. They rang church and fire bells and assembled in front of the house where the wedding parties were, and the groom came out on the front steps and disbursed funds to treat the crowd.

SENSATIONAL MARRIAGE.

A Yale College Youth and a Laundry Girl Wedded and Parted.

NEW HAVEN, Conn., Feb. 18.—A month ago Frank Tuttle, the cook of the Yale Club, met pretty Annie McKenzie, a laundry girl, and fell violently in love with her, and last night they were married. To-day he said: "I married her last night and gave her \$200, and in twenty minutes she had gone." The wife said to-day, "I married him last night but I shall never live with him. He promised to give me \$500 if I would marry him, but he gave me only \$200. This amount I am going to hold on to." This morning the newly-married pair went to Hartford. He tried to arrest her, but the depot policeman told him he could arrest any other woman, but his wife he could not. Then Tuttle said indignantly "she is gone and so is my money. I will go back to New Haven and go to work." Before he started for Hartford he took a big jug of whisky, presumably to drown his sorrow. When he reached this city he was drunk and was at once taken to the station house.

THE PENSION EXAMINATION.

Some Spicy Testimony Expected Before the Committee To-day.

WASHINGTON, Feb. 18.—It is expected that to-morrow Pension-Examiner Rathbone will give testimony before Warner's Pension, Bounty and Back-pay Committee, which will make it rather uncomfortable for Pension Commissioner Clarke. The two gentlemen are at logger-heads and Rathbone claims his actions during the campaign were endorsed by Clarke, who was then acting Commissioner of Pensions and that when he asked Clarke if he should comply with the request made by ex-Secretary of the Treasury New, and go to Indianapolis to assist in spotting repeaters. Clarke replied in the affirmative and added, "Do all you can for the boys." While the fight is of a personal character it is being used for all it is worth by the Democratic members of the committee to show the connection of the pension office with the late campaign.

Funeral of Dr. Damosch.

NEW YORK, Feb. 18.—The funeral services over the remains of the late Dr. Damosch were held this afternoon at the Metropolitan Opera House. The building was packed to overflowing by members of the profession and friends of the dead musician. Rev. Henry Ward Beecher delivered the funeral oration. After the services the body was taken back to his late residence, where it will remain until to-morrow and then be taken by special train to Woodlawn for interment.

Prior to the removal, private obsequies were held at the house, which were attended only by relatives and personal friends of the deceased. During the day a very large number of letters were received by Mrs. Damosch, from personal friends, and from numerous prominent musicians all over the country. Numerous telegraphic messages have also been received, among which may be mentioned a cable from Max Pinner, from Wiesbaden, Germany, and telegrams of sympathy and condolence from Henry M. Mandall, president of the North American Sanger Society, the College of Music at Cincinnati, Fursuch Madi, Anna Drasill, W. L. Bartlett, of the Mozart Society of Chicago; Otto Singer, of Cincinnati, and others. Among the letters, one from Miss Emma Thursty, was filled with expressions of sympathy. Miss Clara Louise Kellogg called in person. Numerous other persons called at the house this morning with tokens of friendship and sympathy.

The Would-Be Voters.

BOSTON, Feb. 18.—The opening session of the third annual meeting of the National Woman's Suffrage Association of Massachusetts was held this evening. There were addresses by Susan B. Anthony, Mrs. Harriet R. Shattuck, Miss M. L. Pratt and Mr. A. H. Grimké. To-morrow afternoon there will be addresses by Dr. Salome Merritt, Mrs. Sara A. Underwood, Mrs. Hannah M. Toud, and Mrs. H. H. Robinson, and in the evening Mrs. Martha S. Ewell Curtis and Susan B. Anthony will speak.

Cabinet Prognostications.

WASHINGTON, Feb. 18.—Prominent Democratic Senators say that Messrs. Bayard, Garland and Lamar have surely been selected as members of Cleveland's Cabinet. None of the gentlemen named will admit that such is the case, nor on the other hand do they deny it. Messrs. Randall (Pa.) and Hewitt (N. Y.) are quoted by their friends as having said that Judge Thurman will surely be invited into the new Cabinet.

Fitz John Porter Gets a Valentine.

NEW YORK, Feb. 18.—Police Commissioner Fitz John Porter to-day received a box six inches by six, which was found to contain a bladder in which was a compound supposed to be nitro-glycerine. There was a wire attached to the box, and the words: "This side to be opened," was written on the side. The box was sent to Fort Hamilton for examination.

Commission Merchants Assign.

NEW YORK, Feb. 18.—Dispatches received by Bradstreet's to-day announced that J. Charles & Sons, notion commission merchants of New Orleans, have failed and made an assignment. Their liabilities are \$250,000, and the assets are valued at \$1,700,000.

STATE LAW-MAKERS.

CONSIDERABLE BUSINESS DONE.

Our Charter Amendments Favored—Two-Thirds of the House Vote to Submit Prohibition.

Special Dispatch to THE TELEGRAM.

LANSING, Mich., Feb. 18.—In the Senate to-day bills were introduced: To amend section 1315, Howell's, relative to punishment for libel and slander; providing for placing under ground all telegraph, telephone and electric light wires in incorporated cities; amending the act relative to the settling and return of exceptions in criminal cases; to amend the act relative to settling and placing trap nets or other fishing apparatus in rivers; to amend the act to protect fish and preserve fisheries. Of the Kent delegation, Ulrich, Stark and Sellers voted yes, and Lord no. The Committee of Municipal Corporations made a favorable report on the Grand Rapids charter amendment. The clause relative to change of compensation of City Treasurer, and the manner of keeping the city funds, was omitted from the bill.

Mr. Ford introduced a concurrent resolution asking Representatives in Congress to support the Summer Postal Telegraph bill.

De Land saw the handwriting on the wall and withdrew from the race for Labor Commissioner. Cornelius V. R. Pond, of Quincy, was confirmed for this place.

Two-Thirds for Submission.

LANSING, Mich., Feb. 18.—By exactly a two-thirds vote the House to-day agreed to submit a prohibitory liquor amendment to the people. It will probably fail in the Senate.

A THREATENING NOTE.

An Ohio Town Aroused by Fears of Dynamite.

FINDLAY, Feb. 18.—Considerable apprehension is felt here because of the finding of a note purporting to have come from an organized band of unemployed workmen, threatening that a disastrous dynamite explosion will occur here if unemployed men are not given work before the first of next month. The note was found pinned to a post in a prominent place on Main street. Many believe the mixture to be the work of jokers, but as there is reason to suspect the existence of a secret organization of poverty-stricken workmen, the city authorities will be on the look out.

DISASTROUS FIRE AT MEMPHIS.

Three Boats Burned at a Loss of \$120,000.

MEMPHIS, Tenn., Feb. 18.—Memphis was again the scene of a steamboat conflagration this evening, the result being the total destruction of the Ida Darrah, of the Memphis and Arkansas River Packet Company; the City of Helena, of the St. Louis and Victoria Anchor Line Company, and the Anchor Line wharf boat, together with all the freight on the steamers and wharf boat. The fire originated in cotton on the larboard guard of the Ida Darrah, which had just arrived from Arkansas River, and the strong wind blowing at the time built all efforts. The boats all burned to the water's edge. The loss will be \$120,000; partly insured. No lives are reported lost.

PHELAN HOMEWARD BOUND.

He Says He is Glad to Get Away from "That Gang in New York."

ST. LOUIS, Feb. 18.—This morning Capt. Phelan, of Kansas City, who was stabbed in New York by Short, passed through the Union Depot on his way home. He arrived on the Vandalia, which barely made connections with the Chicago & Alton, for Kansas City. Phelan looked wan and nervous, and still carries his left arm in a sling. Speaking on the cars concerning the assault made on him by Short, he said: "It was a cowardly, outrageous attack. I don't know what the outcome will be with that gang in New York. They seem to be all of one crowd. I am glad to get back home."

The Chicago Election Case.

CHICAGO, Feb. 18.—In the trial of the election conspirators the hearing of evidence was finished this afternoon and the closing arguments began. The case will probably be given to the jury Friday or Saturday.

A Songstress Scorched.

NEW YORK, Feb. 18.—A fire this afternoon at the residence of Minnie Hawk, No. 108, East Tenth street, caused a loss of \$10,000 to the building and furniture.

A Paper Mill Burned.

LAWRENCE, Mass., Feb. 18.—Russell paper company mill, No. 3, was nearly destroyed by fire this evening. Loss \$50,000.

"A Stern Chase is a Long Chase."

The "Two Johns" Company was billed to appear at Armory Hall, Ionia, Tuesday evening. Instead of appearing there to tickle the sides of the Ionia, they were fast in the snow-drifts at Sawyer, on the Chicago & West Michigan Railway. From this point the company telegraphed to Ionia the fact that they would be unable to make their appearance. Yesterday afternoon Thomas Keyes, bill-poster at Ionia, arrived in the city, presented the manager of the "Two Johns," Peter White, with a bill for \$50, claimed to be for expenses incurred by the non-appearance of the company in Ionia. Mr. Keyes says the telegram from the company was not received, the hall was lighted and warmed and a large company assembled to witness the play. Manager White thought if there were expenses incurred the telegraph or railroad company was responsible for the non-arrival of the telegram, and refused to pay the bill. Bill Poster Keyes secured a garnishment summons from Justice Sanders against the manager of the company also against Geo. Leonard, Treasurer of the opera house. As the "Two Johns" had sold the entertainment of last evening to Manager Powers, for a consideration, early in the day, and as the company's date was booked by a New York agency, Mr. Keyes had to stand and see the "Two Johns" and their baggage leave the city for Fort Huron last evening.

THE RESIGNATION ACCEPTED.

The First Baptist Church Parts with its Pastor Reluctantly.

It having been previously announced that a special business meeting, to take action upon the resignation of their pastor, would be held in connection with the regular prayer meeting, a large number of the members of the First Baptist church and society assembled in the session rooms of the church last evening. Several persons, not members of the church, but probably interested in the action the church was about to take, were also present. The meeting, from first to last, was one of harmony, solemnity and perfect good feeling, and anyone present expecting anything to the contrary was disappointed. Dr. Graves opened the exercises with scripture reading, prayer, and remarks—all bearing upon the line of Christian fellowship, unity, harmony and progress of the church. Deacon Buchanan was called to preside over the business portion of the meeting. Dr. Graves gave plainly and earnestly his reasons for tendering his resignation, which were substantially the same as those set forth in his letter of resignation heretofore published in THE TELEGRAM. He emphasized the fact that he had given the subject thoughtful and prayerful study and he was convinced the time had come when another could better serve the church, insuring its growth, developing its usefulness, than himself; that it was for the church's interest he asked the resignation to be accepted. He had labored zealously many years, as pastor, for the welfare of this people and should retire from its ministry with only the most loving memories, never ceasing to pray and hope for the progress and welfare of the church and society. The Doctor further said he was so positively assured the step was for the best interest of the church and he wished every member to vote for the acceptance of the resignation.

Several members spoke, deeply regretting the Doctor's action and giving testimony of the love and respect they bore him, but adding the hope, as they believed the resignation was tendered in perfect honesty and its acceptance looked for by Dr. Graves, that the same be accepted; but not without first assuring their faithful pastor it was done with sorrow and regret. The vote of the church was then taken, and the result, upon a second ballot, was nearly unanimous for the acceptance. No parting of pastor and people has ever been, or will probably ever be more difficult, or more regretted than this separation of the First Baptist Church and Dr. Samuel Graves. It is a universal opinion that he has been a devoted, earnest, upright pastor, not wanting in any of the graces that go to make up a true Christian character and minister. The date of the separation of pastor and people was not fixed, but it is thought by many it will not occur until about the time of the May conference at Saratoga.

THE DeGRAFF CASE.

The Coroner's Jury Charges the Railway Company With Carelessness.

The inquest on the death of Louis A. DeGraff was concluded by Coroner Bradish yesterday. Several witnesses, including the conductor, engineer and fireman of the train which caused his death, were sworn. After hearing the evidence the jury agreed on a verdict which, after stating the facts in regard to the manner in which deceased met his death, states that, in the opinion of the jury, the Detroit, Grand Haven & Milwaukee Railway Company did not use sufficient care and caution to prevent the occurrence of such accidents as caused the death of Mr. DeGraff.

The conductor of the train testified that at the time of the accident his train was running at the rate of eighteen miles per hour, while the engineer and fireman placed the speed at fifteen miles per hour. Geo. C. Cole testified that the presence of the box car on the side-track and standing partly in the street was responsible for DeGraff's death; that if the box car had not been there the team would not have been struck by the train.

THE PROHIBITIONISTS.

They Meet and Select Delegates to the State Convention.

The Prohibition county convention, called for the purpose of selecting delegates to the State convention to be held at Lansing on Wednesday next, was held in Science Hall yesterday. The convention was called to order at 11 o'clock by Judge Tatem, who was chosen chairman, and Mrs. C. D. Hodges, of this city, was chosen secretary.

Delegates from the legislative districts of the county were chosen as follows: City District—Rev. O. S. Grinnell, Mrs. Judge Tatem, W. J. Johnson, Mrs. Frank Brown, J. W. Halleck, J. E. Ames, A. Smith, H. C. Marvin, J. C. Depee, J. K. Davis, Alternates, J. H. Tatem and C. B. Foster.

Second District—W. B. Blaine, Lowell, Johnathan Thomas, Cascade; J. S. Clark, Ada; Dr. C. E. Danfort, Grandville; J. C. Richmond, Vergennes.

Third District—A. B. Cheney, Sparta; Rev. G. W. Tutthill, Algonia; B. F. DeCoar, Nelson; Frank Gross, Plainfield; G. G. Bennett, Walker.

Entirely Qualified.

In speaking of James B. Wilson, of this city, who has been appointed Legal Clerk to Gov. Alger, the Detroit Post says: "Mr. Wilson has been a lawyer, Circuit Court Commissioner and leading citizen of Grand Rapids for many years, and is in every way qualified to fill the responsible position for which he has been chosen by Governor Alger."

The Free Press says: "The office is entirely new, and unless the Legislature establish it upon the State pay-roll, it is understood that Gov. Alger will pay the Legal Clerk's salary himself."

Refused a Pardon.

HANACUSSEN, Pa., Feb. 18.—The Pardon Board this afternoon refused to pardon Dr. Green, the Philadelphia wife murderer, and he will hang March 4.

THE BRITISH RETREAT.

BULLER WISHING FOR HELP.

El Mahdi Advancing Toward Metemneh With 9,000 Well-Armed Men and Five Field Pieces.

KORTI, Feb. 18.—General Sir Redvers Buller, who was expected to attack Metemneh on Sunday last, sends word that the rebels appeared in such force as to make the result of attack doubtful, and in the absence of positive orders to move upon the town, he considered it advisable to retire from his somewhat exposed position and await reinforcements. He therefore abandoned Gubat and retreated as far as Abukh Wells. The movement was conducted so promptly and unexpectedly that the Arabs did not notice it till several hours after the march was begun, and the column was not molested. He intends to go as far as Giddah and there wait for orders. It is now believed he will be instructed to continue his retrograde movement to Korti, and that no further attempt to advance will be made until the remaining remnants of the expedition shall have arrived at this place. Buller reports that El Mahdi is advancing towards Metemneh with 9,000 men, and was within twenty miles of that place when the English began to retreat. An advance of 3,000 men had reached within seven miles of Gubat. They were well armed, and carried five field pieces.

Mrs. Lowell Alive at Midnight.

LONDON, Feb. 18.—Mrs. Lowell is still alive at midnight, but death is hourly expected.

TRADE AND FINANCE.

OFFICE OF F. V. TAYLOR, Sweet's Hotel, 100 N. W. COR. CHURCH ST., GRAND RAPIDS, MICH., Feb. 18, 1885.

Cables on wheat were barely steady to-day and easier on corn, showing at present no urgent European demand for our surplus breadstuffs. Chicago receipts were 7 cars wheat, 12 cars corn, 5 cars oats and 11,000 bags. The chances in values were very small and caused wholly by local speculative interests. Closing figures were the lowest of the day on the entire list.

The situation as regards wheat is still very uncertain, stocks at home are larger than ever before, and prices lower than in many years, while abroad the supplies in store are unusually light, but prices held down by the large American accumulations. It is an open question, whether prices have suffered all the decline which the situation warrants. I can see no reason why wheat of as good quality as the last crop, and of quantity hardly sufficient to supply through six months in case of a partial failure of the new crop, should be sold at less than present figures.

Wheat—	Open.	High.	Low.	Closed.
March—	79	79 1/2	78 1/2	78 3/4
April—	78 1/2	78 3/4	77 3/4	77 3/4
